Las rocas de piedra arsénica del Parque Nacional Arches, situado en Utah, inspiran esta nueva colección de Cuore by Natucer. Piezas en cotto mate o blanco brillo con agresivos relieves y salientes sobre su superficie natural única. Llenas de contrastes entre luces y sombras, esta serie transmitirá naturaleza a cualquier estancia.

The arsenic stone rocks of Arches National Park, located in Utah, inspire this new collection from Cuore by Natucer, pieces in matte cotto or gloss white with aggressive reliefs and protrusions on its unique natural surface. Full of contrasts between light and shadow, this series will convey nature to any room.

ARCHES WHITE
6,2 x 25 · 2,5" x 10"

A photograph of a wall made of rectangular terracotta tiles in a light tan color. The tiles are laid in a staggered pattern. In the lower-left corner, there are two small, white, terracotta figurines of human figures. One figure is seated on a tall, narrow wooden cylinder, and the other is standing on a shorter, wider wooden cylinder. The background is a plain, light-colored wall.
